

Float Glass Tempering Furnace Low E Glass Toughening Machine Energy Saving

Our Product Introduction

for more products please visit us on newarrivals2025.com

Basic Information

- Place of Origin: CHINA
- Brand Name: OEM
- Certification: CE Certification
- Model Number: OEM
- Minimum Order Quantity: Negotiable
- Price: Negotiable
- Packaging Details: Carton, pallet, wooden case or according to customer's package requirements
- Delivery Time: 30 working days
- Payment Terms: 30% deposit + 70% T/T before shipping
- Supply Ability: 20 sets per month

Product Specification

- Max.Glass: 3200*4500 Mm
- Glass Thickness: 5-15 Mm
- After-sales Service: Free Installation, Debugging, Training, Maintenance And Repair Service
- Warranty: 1 YEAR
- Application: Architecture, Furniture, Automobile, Household Appliance, Solar Energy
- Productivity: 16-18 Loads/H
- Highlight: **glass toughening machine, tempered glass oven**

Product Description

Low E Glass Toughening Machine Glass Tempering Furnace for Float Glass

Product Description:

It can use convection type heating technology which can temper glass with the best quality.

Tempered Glass type includes : clear glass, tinted glass, pattern glass, screen printed glass, float glass etc.

Tempered glass can use for architectures, furniture, windows, walls, home appliances and autos industries with high quality.

Supply scope:

It is composed of Loading Section, Heating Section, Flat Quenching Section, Unloading Section, Blowing System and Electrical Control System, Spare parts with Free Installation and debugging.
